- Time Management:** Pretty organized, good at juggling tasks, and making sure stuff gets done on time.

## WORK EXPERIENCE

### Python Tutor

Freelance  
01/2023 - 07/2023 - Cordoba, Argentina

- Utilized extensive experience as a Python tutor to deliver exceptional online classes, focusing on various aspects such as reading files, data processing, result plotting, and constructing data structures in Python.
- Employed the utilization of lists and dictionaries, proficiently creating reusable functions, managing user interaction, and effectively handling exceptions such as ValueError and IndexError.
- Expertly instructed students in Object-Oriented Programming (OOP) and advanced control structures, enabling them to develop more structured and intricate code.
- Equipped students with practical skills to confidently design and develop interactive applications through comprehensive class instruction.

### Ski Valet

St Regis Hotel  
12/2018 - 05/2019 - Park City, Utah

- Demonstrated expertise as a ski valet, consistently delivering exceptional guest service and ensuring a seamless ski resort experience
- Proficiently handled ski equipment, organized storage facilities, and efficiently coordinated logistics for guests
- Skillfully maintained a safe and organized ski area, promptly addressing guest inquiries and providing assistance with equipment adjustments
- Employed excellent communication and interpersonal skills to create a welcoming and enjoyable atmosphere for visitors
